From the Throne-Office of His Most Holy and Orthodox REVEREND IVAN STANG -- June 1, 2 BX

PRAISE DAMNED-GOD "BOB"!!

YES, it's true... we haven't printed a full-fledged STARK FIST 100-page version — on PAPER — in TOO LONG.

YES, it's true, the \$30 members have suffered what might be called a rip-off because of that. I, Stang, will admit, personally, that it's fucked. On the other hand, you can look at those issues you're owed as a LIFETIME SUBSCRIPTION!

AND!!! — even if nobody EVER got another STARK FIST, would NOT that MEMBERSHIP CARD and TICKET TO PARADISE, ALONE, be WELL WORTH \$30?? Aren't we ALREADY giving away TOTAL SALVATION, PRACTICALLY FOR FREE?

It's true. It's all true.

It's also true that '98 approacheth swiftly, and the Church is now moving TOO FAST for print. PRINT cannot keep up with what MUST NEEDS BE DONE!

For we are FORGING AHEAD at ROCKET SPEED, after barely surviving the RUGGED years of REVELATION X production. No longer is all labor here being supervised by the overworked Will O'Dobbs and myself (the two worst businessmen on the planet). We have been joined by our NEW BUSINESS MANAGER/SLEAZY PROMOTER, REV. JESUS CHRIST DEVILACQUA. And friends, JESUS — The FIGHTIN' JESUS — is a HARD-ASS, which is just what the Foundation sorely needed. And best of all, He has MAFIA connections.

The Lord booked our fearsome new preacher Dr. Legume and myself (and sideshow marvels CIRCUS APOCALYPSE) on a successful preaching tour of the Northeast, made us some \$, then quit His job at the hemp store in Cleveland and moved to Dallas to HELP DOBBS GUIDE OUR BUTTS through X-Day.

Our previously infamous mail-order service has been COMPLETELY REVAMPED. We now offer more sacred gimmicks and geegaws than ever, from coffee mugs and t-shirts to CDs, tie clips and fridge magnets. And if you have ANY TROUBLE procuring these goods, you can call, write, fax or email the Lord RIGHT HERE for IMMEDIATE SATISFACTION. A far cry from our early days as a one-SubGenius cottage industry. We will be able to take PLASTIC by the time you read this.

There's now so damned much sheer STUFF going on that you'd "lak to shit." WE certainly did. And you'll find that Holy Shit on the Internet — probably way more of it than you would think anybody'd have room in their PANTS for. We have out-geeked the geeks. We have delivered a veritable GEEK-GASM.

But let us ne'er forget, the Conspiracy would have killed us all years ago, but for "Bob." "BOB" brought us Slack and showed us how to exploit our Abnormality Potential in an UTTERLY PINK WORLD. But now that we've learned how to BEAR the Conspiracy, what NEXT? COMPLETE AND TOTAL DESTRUCTION OF THE CONSPIRACY, BEFORE X-DAY, that's what's next. Just to impress Dobbs. But fertilizer bombs at the Federal Building are obviously the STUPID path, the path of the WALKING TARGET. No, the answer lies in that old propaganda line about "winning hearts and minds" — and today, that means SHOWBIZ.

There are only 2 years left. WHAT CHOICE DO WE HAVE??? We have thus *redoubled* our efforts at shoving the Church down the resisting craws of all Normals and Unsaved SubGenii alike, via TV, radio, the Internet, comic books, nightclub devivals, ANYTHING. We'll play kook, we'll play literary outlaws, we'll wear ANY MASK to get "Bob's" Word out. Not only will this make us RICH before X-Day — always a major goal — but it will also *possibly* save two IMPORTANT MYSTERY SOULS from despair and suicide. And that's probably our real contribution to Earth society — to SAVE FROM SUICIDE the two REALLY KEY INDIVIDUALS out there — whoever they are, Dobbs wasn't specific — who will then go on to create the cure for Normalcy or the anti-gravity teleporter or whatever the hell it is that allows SubGenii to BUY OUT THE CON and REPLACE IT WITH SLACK. If we can keep these mystery Children of "Bob" alive LONG enough, heck, maybe we won't even have to WAIT 'til X-Day.

You think I'm *bullshitting*? Was MOSES bullshitting??

And so we SELL. Salesmanship is next to Dobbsliness, and we aren't too proud, stupid NOR lazy to now TRY TO HYPNOTIZE YOU INTO BUYING SOME OF OUR COOL NEW SWAG. If one TENTH of you were to buy a new shirt, CD or video from us, we'd have enough \$ to print that FIST, and you'd have something new to play over and over and over again. We are SERIOUSLY MONEY-GRUBBING now. To do so is MORE TRUE TO DOBBS. We should have said "FUCK this art shit, let's go for the BUCKS" a LOT EARLIER. For that truly IS the only way for us to CONQUOR THE PLANET FOR "BOB." ART *sure* as shit won't do it. The only way to take the power back is to BUY the power back.

And that somehow leads to my Internet pitch.

The nerds and geeks were RIGHT, and we were WRONG to ignore the Net until last year. Luckily, we were able to catch up at record speed. We are AS UNTO GODS now in "cyberspace." There, The Stark Fist already exists as an award-winning 5,000 page, full-color stereo-sound multimedia extravaganza... where you'll find the answers to all your questions, and where the REALLY CHOICE SPOUTING spews relentlessly as from a live volcano.

Can't type? Never touched a keyboard? Hate computers? Have no money at all? Doesn't matter. YOU have a SubGenius Brain. YOU can CHEAT.

Don't get the idea that we're abandoning the snail-mail plane. But printing and mailing are EXPENSIVE, dues-paying Subs are few (compared to the predictions in Dateline for Dominance), and besides, it's all so cheesy and black-and-white and mute. Our website, SubSITE, doesn't cost the Church a cent. And yet, once you're connected to that, you can:

HEAR the Church radio show, *THE HOUR OF SLACK*, any time, from anywhere on the planet, while masturbating to nude pictures of "Bob" and Connie! (Yes, Internet Radio has finally become a reality.)

KNOW when and where the Devival Tours are, so you can catch up on all the SICK PERVERTED SEX you've been missing.

LEARN INSTANTLY of, and BATTLE AGAINST if necessary, every new trend in Churchly thinking and activity. (And we go through trends at the rate of about 1/hour.) Heck, create 'em yourself!

SEE all the SAME artwork you're used to, only in COLOR, plus a HELL of a lot more NEW DIVINE SHIT including DISGUSTING NEKKID PHOTOS of your fellow Ministers.

INSTANTLY BITCH AT all your fellow SubGenii whose inane views piss you off.

DOWNLOAD KEY SEQUENCES from all those Church videos you're hesitant to send off \$20 each for.

PLAY FAST-PACED "BOB"-KILLING VIDEO GAMES LIVE!!

GET the latest low-down on High Weirdness by WHICHEVER medium. There are so many rival kooks now that the Internet — a kook-breeding environment by nature — is the ONLY way to keep up with them.

And the main thing is, you're dealing with your fellow SubGenii — thankfully, physically located far from you — DIRECTLY. No more waiting a month for some yoyo to write back. Now you can trash the bastard NOW NOW NOW.

And this is just on SubSITE. There are also COUNTLESS OTHER SubGenius palaces of art, sound, animation and text on the Web. For that matter, Dobbs is a ubiquitous presence even on the "normal" Internet. Ol' Pipe Mouth got there WAY ahead of us Dallas underlings. It's the reverse of Con life — more people seem to know Dobbs than not. It's like an upside-down mirror image of Pink reality!

It takes a modern computer to deal with the Web properly. But ANY OLD \$100 JUNKER from the PAWN SHOP can handle email and newsgroups. The newsgroup called alt.slack is REALLY ON now. Then there's alt.binaries.slack, a repository for SubGenius art, sound bites, games and animation. These are gigantic "bulletin boards" wherein are posted thousands of essays, rants, factoids, how-tos, gags, sounds, pictures, Other Mutants reviews, running arguments, gossip, trivia, you name it, from hundreds of talented and holy SubGenii, including the old-time Original Apostles, plus a whole array of new SubGenius Internet superstars that you never heard of, but who are ably keeping the Face of the Church in its necessary state of CONSTANT METAMORPHOSIS. And also a whole bunch of REAL IDIOTS who are fun to TORTURE.

I am not kidding or even exaggerating. If you haven't yet, you should check it out, even if it means spending your last dime on a computer, and several days reading a how-to book. Even if, like the Unabomber, you have NO USE WHATSOEVER for computers in your human life, your

SubGenius life will be enriched beyond your wildest imaginings if you follow these simple instructions.

If you already have Internet access, well, you know what to do now.

If you have a computer, but have never monkeyed with the Internet, and none of the above makes any sense to you, go out and buy 1) a modem (around \$100); and 2) the book, *INTERNET STARTER KIT* (available in Windows or Macintosh versions), funnily writ by SubGenius Adam Engst. Or a book like it. It comes with disks containing the programs you need to get up and running immediately. It's \$30. So there's your investment: \$130, and about a week of reading and fooling around with the programs — which are now SIMPLE ENOUGH FOR A HUMAN TO OPERATE.

You also need 3) a company that connects you by phone line to the Net. And this is where most newcomers get discouraged, because they think in terms of the expensive commercial services like America Online, Prodigy, Compuserve, etc. Those are much easier for the newcomer to use, at first. If you stick an America Online disk into your machine you'll be looking at alt.slack and/or SubSITE in about 20 minutes. But within 2 months, you'll have figured out how to ditch those Conspiracy data-gathering spy outfits, copped the 4 or 5 necessary FREE programs, and gotten yourself a FOR-REAL Internet connection through a local access company. The kind you need — what's called a SLIP or PPP connection — won't cost more than \$20 a month. PERIOD. These won't deny you access to areas where you might encounter pornography, radical ideas, cussing, Conspiracy Overthrow plots, etc. (On the other hand, maybe we shouldn't trash the Golden Calf, AOL — we may well have a late-nite "show" there soon!)

The only drawback is for those who live in tiny towns... you will probably end up paying long distance phone charges to reach ANY access server. BUMMER. But one of our current projects is turning SubSITE into a CD ROM.

If somebody as stingy and computer illiterate as me can do this, ANYBODY can. 2 years ago I didn't know what email was. Now I make ZILLIONS as an INTERNET BIGSHOT. (SubGenii are treated MUCH BETTER in "cyberspace" than they are in "real" "life.") And don't go calling us "elitist" over this — though we INDEED ARE. It's not like you can't just CALL US ON THE PHONE if you really have something to say or ask. (Though we prefer email.) I constantly get PROFUSE THANKS for harping on this from previously skeptical or "broke" SubGenii who got this same info in recent Memb Packs, and bothered to make the effort.

The Internet is no longer just a trendy toy to show off, nor some mysterious system you have to use at work, but a NECESSITY if you have any intention of making it to X-Day without suffering relentless Conspiracy-biased propaganda — from which the Net is PRACTICALLY THE ONLY ESCAPE. You say, "Aw hell, I have a brain, I can get any info I need; I'm too busy to mess with this online crap; I want a REAL Stark Fist, not a VIRTUAL one!" Fine. Me too. But you DON'T KNOW. When people started pushing me to get up to speed with the modern age, I was irritated. Like, "I know my own business." But that's exactly as stupid as these folks who BRAG that they "don't watch TV." While you're at it, why don't you burn all your books and yank your telephone cord out of the wall, too?

The Conspiracy doesn't control the Internet. For the time being.

The Con DOES control everything else.

They really, really do.

The Net is by nature so utterly uncontrollable (even within those commercial services) that no amount of Pinkness will be able to quite swamp the inherent madness and chaos that makes it PERFECTLY SUITED to the UNIQUE MEDIA-WARPING SKILLS of the SUBGENII. It's a great equalizer. Unlike Hollywood, the radio business or publishing, on the Net, one lone SubGenius has every bit as

Wobbs - forgot to mention - we also teamed with G.W.A.R. in '95. Now THAT was SOME BLAST, - story

much "pull" as the entire corporate structure of IBM or Westinghouse. *THIS IS LITERALLY TRUE:* The Church of the SubGenius is VASTLY better represented, better looking, fancier, slicker, and immeasurably more FUN than ANY OTHER WORLD RELIGION on the Net, including the Catholic Church and even the Mormons. Their websites look like SHITTY BLACK AND WHITE STUDENT ATTEMPTS. Ours have COLOR 3D MOVIES and entire RADIO broadcasts. They look like THUMB-SUCKING IDOT CHILDREN compared to us. Why? Because we still have our brains, and the Internet is the one place where we can still prove it without being BANNED or else CHARGED out of existence. *THE CHURCH WAS MADE FOR THE INTERNET, AND VICE VERSA; WE JUST DIDN'T KNOW THAT WHEN WE STARTED.*

YOU SKEPTICS — *bring on* your letters about how we've sold out. BRING 'EM ON! Let a thousand flowers bloom. You're COMPLETELY CORRECT that if Man was meant to fly, he'd have been born with wings. You can still be a good SubGenius as a bag person.

WE used the Internet to MAKE MONEY, thank you very much. Thus, we come full circle to the Truth of Dobbs. (And the SLACK! Never would a grizzled old Texas SubGenius hedonist half-poebucker like me have *imagined* that he would someday glean almost orgasmic Slack from pushing electrons around and geeking out under the hood of a COMPUTER! Oh, sure, in 2 years, MWOWM will replace my Mac, my wife, my kids and my friends. But in the meantime — I'm gonna GEEK TO THE MAX with this *primitive* but *cool* equipment!)

This thing IS ACTUALLY CRAZIER than even the Conspiracy media makes it out to be. If you buckle up your brain-belt, divert a little dough from Conspiracy media and take that short run through the learning gauntlet, you'll end up asking yourself, as I did, "WHY IN THE SWEET NAME OF DOBBS DID I WAIT SO LONG?"

And EMAIL—! It's to the U.S. Postal Service what the telephone is to... well, the U.S. Postal Service. Suddenly all those Dutch and Italian and Norwegian and Australian and Pago-Pagoan SubGenii and the like, with whom our communications suffered a month-long time-delay and cost \$10 each if they happened at all, are our NEXT DOOR NEIGHBORS. *It's One World, teed!* If somebody wants to know something, ask the Foundation a question, complain about lost Dobbs T-shirt orders, declare themselves the new "Bob," or whatever... the turnaround is ONE DAY if not ONE HOUR. And it costs about .01 penny to send or receive from anywhere.

Take it from an old SubGenius. Anything else I could try to tell you about current Church activities would be SINFULLY DISTRACTING TRIVIA compared to this one plea, nay, this FIRST EVER COMMAND since the Church started (besides "FUCK 'EM IF THEY CAN'T TAKE A JOKE" and "PRAISE "BOB""): **GET to the NET!!**

St. Joe Riley, Medulla Oblongada

Or just sit in your hole and gripe, along with the clueless poebuckers, nats and Pinks.

Look to your mailbox for the new FIST, which SHALL, SOMEDAY, we SWEAR upon the blood of "Bob's" sainted mother's lime-covered skeleton, be worth the wait. (Not that you'll even *glance* at it once you see what we've done on the Web.) Exercise Time Control in your life, and you shall verily come into your FISTs... as "Bob" has done.

See you at the X-Day Drill.

Yours in the Scathing Glory of Dobssfulnessomeness,
i.stang@metronet.com

P.S. Be sure to tell us your new address if you move.

P.S. 2 I'm sorry that in this newsletter I didn't talk more Doctrine, but god damn it, I worked on *Revelation X* for 4 years. I also would have liked to provide more Other Mutants and High Weirdness info, but we had to get this mailing out before the Drill, and we just didn't have the time or cash for more pages. YOU CAN CHANGE THAT...

P.S. 3 Users of America Online will have trouble finding alt.slack at first. AOL, while elevating I, Stang to godlike status in their late-night shows, yet has *deleted* the name of alt.slack from their master list of newsgroups. You can still get there... but you have to do it "manually" the first time. Use keyword: NEWSGROUPS. One of your choices there will be "EXPERT ADD." Don't be fooled by the title. Click on it and type alt.slack in the blank. It is now added to your "MY NEWSGROUPS" list.

Boston SLACK CRUSADE Devival! - \$8.50 (90 min)

This was the last of the Slack Crusade Tour devivals, and features absolutely THE BEST performance by Rev. Ivan Stang of his new rant, as he was accompanied at this show by BROTHER CLEVE DUNKAN on keyboards. The chemistry between Cleve's bluesy gospel organ and Stang's Hate sets a new preaching standard. (Cleve has been touring with Combustible Edison and is now working for Mark Mothersbaugh's Mutato Muzika studio.) Also: the legendary live tour-de-force by King of Slack, Bill T. Miller.

HOURL OF SLACK #530 - \$6.50

(ESO RADIO with LONESOME COWBOY DAVE - 60 min.) Every few months The Hour of Slack moves to ESO Radio at WCSB in Cleveland so that Rev. Ivan Stang can TORTURE his dear pathetic friend Lonesome Cowboy Dave in public, with live musical accompaniment from Einstein's Secret Orchestra. Improv preaching and psychedelic radio mindfuck at its finest. Not since Puzzling Evidence and Dr. Howl started the KPFA show in Berkeley has there been such a superior religious radio collaboration. The Firesign Theater would be proud. Mom would be disgusted.

JOE!

Mockery and Perversion - \$8.50 (90min cassette)

Excommunicated from the Church of Satan, Joe Aufricht damn well IS heavy metal. You'll ejaculate in your moon pants when you hear this strange slice of reality. Joe Aufricht, High Priest of the Order Dionysus/ Sabazios and self titled pubaphile, was discovered in the dark alleys of Cleveland, OH. He made his first live appearance as an opening performer on the Slack Crusades, and clips of this tape can be heard on recent Hours of Slack. His taboo views and annoying but catchy tunes will irritate you into enlightenment. **Disclaimer: Joe Aufricht is not a member of the Church of the SubGenius. We recognize that "his way is superior to all others" but do not condone or agree with his views. For obvious reasons we

can not sell this to anyone under 18.

Joe Aufricht is a classic B-4 level kook/visionary.

FINALLY -- SubGenius Devival on CD!

Laughing Cat Studios recorded our Slack Crusade Devival in Madison (Feb. '96). Complete, uncut rants by Rev. Ivan Stang and Dr. Legume, plus the all-grrrl Psychoacoustics Preachers (Rev. Velvetene Sly, Spring Herbiage and Rev. Heidi). Superbly clear sound. Devastating box art. Lenny Bruce and Bill Hicks are dead... WHAT ELSE IS THERE LEFT TO BUY???

"Open Your Ears"- Special Slack Price \$10.00!

Rev. Bill T. Miller's OUT OF BAND EXPERIENCE/KINGS OF FEEDBACK CD (78 min)

We are HONORED to distribute Boston superSub Rev. Bill T. Miller's FUCKING INCREDIBLE music, which belongs in EVERY SubGenius collection. Truly astounding sample-mixing and guitar work which might be compared to a cross between Negativland, Devo, Gwar and Hendrix. Includes: "Fropman," "I Don't Give a Fuck," "KILL "BOB"," "Normal," lots of SEXY FILTH, 41 cuts altogether! KILLER in headphones. BUY IT OR DIE!!

"ARISE" The SubGenius Video - \$19.98

Vividly presents the LIVING SEED-WORD PROPAGANDA OF DOBBS,

compressed into one eyeball-slaming 80 minute editing tour-de-force that shoots the dogma straight up your optic nerve and deep into your brain. Narrator Dr. Howl takes the initiate on a soul-wrenching journey deep into the very bowels of the Church. Includes "THE LIFE OF "BOB," a perfect introduction to the Church for your illiterate friends.

CLUB NO - \$20 (VHS 2hrs.)

Dallas Video Doktor and special effects maestro St. Joe Riley edited this 5-camera devival tape, and punctuated it with ARISE-style bulldada clips that'll have you AFRAID TO BLINK. Strange 1992 Dallas devival features Stang, Sterno, Janor, Sister Susie the Floozy, others. But Riley's collage editing is the real star. You'll go crazy trying to identify the bulldada sources.

SUBGENIUS INTERVIEWS - \$20 (revised version. VHS 2hrs.)

This is essentially our collection of news pieces and documentaries ABOUT the Church, by other entities, mostly the Conspiracy. The entire second hour was replaced last year with WAY INCREDIBLE new bits, especially Papa Joe Mama's "SECT OR SATANISM" mockdoc (like watching an Hour of Slack), and Sverre Kristenson's SOMETHING NEW TO DIE FOR, a barrage-deited high tech video mix that compresses ALL our videos AND HIS into one neuron-melting 30 minute attack. Also: Stang on the Jon Stewart Show and Mavrides on Nightline, plus the old hilariously inept CNN, BBC, etc. etc. news clips. HIGHLY recommended.

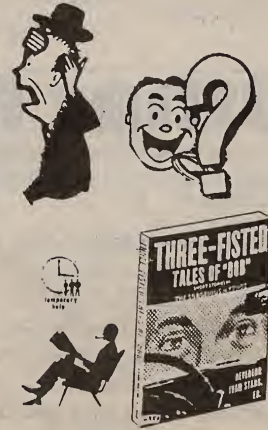

Superior to All Others!

3 Fisted Tales of "Bob"

In the 23rd subsector of SubGenius Foundation's basement, we came across a sickeningly hilarious sight - the rotting corpse of a Bobbie that we had sent on an errand over 2 years ago. The skeletal remains of his fingers were still clutching the box he had been carrying through the tunnels. After kicking him aside we opened the box to find over 100 pristine condition 3 FISTED TALES OF "BOB"! After cursing at, and stomping upon the maggot ridden flesh puppet, we carried the case back to the main mail order office, and are now offering them to you! These are the LAST original 3 Fisted Tales in existence. There is absolutely no way to get this book ever again. After these are gone, that's it. These won't last long.
